

Playground Charter

At St Anne's we treat each other as we would like to be treated.

Because we respect each other, we always use appropriate language and never hurt each other with words or actions.

We always think about what we are doing and how it may affect others, so we never throw things such as sticks or stones.

We always behave in a kind and caring manner.

We take care of our environment and always put rubbish in the bin.

We only play in places where we can be clearly seen by duty adults.

We remember climbing is not allowed.

Bullying will never be tolerated, will always be dealt with and must always be reported.

We keep to the correct pathways.

We need a pass to be in the school building during playtime and lunchtime.

We tell a duty adult if we are concerned about someone or something in the playground.
